Chemical components	% BY Wt.																
Distilled water	Base																
Propylene glycol	Proprietary																
Ethylen glycol	Proprietary																
Butanediol 1,3	Proprietary																
Nitrate de magnesium	Proprietary																
Chlorure de magnesium	Proprietary																
Sulfate de magnesium	Proprietary																
Result of any relevant tests e.g. flammability, explosibility, toxicity No hazardous material is present in the ingredients.																	
Any hazard that research or experience in the use of this substance has indicated may arise Not applicable																	
Details of any known synergistic reactions with other substances Not applicable																	
Recommended procedures for handling and storage Liquid must not freeze.																	
Recommended procedure in case of emergency e.g. fire, spillage Not applicable
